

New Approaches and Concepts in Microbiology

7 – 9 July 2021

Virtual Conference

SPEAKERS & DISCUSSION PANELISTS

Melanie Blokesch

Swiss Federal Institute of
Technology Lausanne, Switzerland

Helge Bode

Goethe University Frankfurt,
Germany

Eric Brown

McMaster University, Canada

Heran Darwin

New York University Langone, USA

Michael Fischbach

Stanford University, USA

Zemer Gitai

Princeton University, USA

Carol Gross

University of California,
San Francisco, USA

Wolf-Dietrich Hardt

ETH Zürich, Switzerland

Colin Hill

University College Cork,
Ireland

Urs Jenal

University of Basel,
Switzerland

Petra Levin

Washington University in St. Louis,
USA

Gene-Wei Li

Massachusetts Institute of
Technology, USA

Daniel Lopez

National Centre for Biotechnology,
Spain

Tam Mignot

French National Centre for
Scientific Research, France

Sara Mitri

Université de Lausanne,
Switzerland

Martin Pilhofer

ETH Zürich, Switzerland

Mikhail Savitski

EMBL Heidelberg, Germany

Kimberley Seed

University of California,
Berkeley, USA

Mohammad Seyedsayamdost

Princeton University, USA

Rotem Sorek

Weizmann Institute of Science,
Israel

Bärbel Stecher

Ludwig Maximilians University of
Munich, Germany

Saeed Tavazoie

Columbia University, USA

Wilfred van der Donk

University of Illinois, USA

Waldemar Vollmer

Newcastle University, UK

Julia Vorholt

ETH Zürich, Switzerland

Michael Zimmermann

EMBL Heidelberg, Germany

Abstract Submission Deadline

25 May 2021

Registration Deadline

16 June 2021

ORGANISERS

Pascale Cossart

Institut Pasteur, France

KC Huang

Stanford University, USA

Michael Laub

Massachusetts Institute of Technology, USA

Nassos Typas

EMBL Heidelberg, Germany

Additional speakers will be
selected from abstracts.
