

BioMalPar XVIII: biology and pathology of the malaria parasite

KEYNOTE SPEAKERS

Borko Amulic

University of Bristol, UK

Ian Cheeseman

Texas Biomedical Research Institute, USA

Regina Joyce Cordy

Wake Forest University, USA

Kirk Deitsch

Weill Cornell Medicine, USA

Ashraf Haque

The University of Melbourne, Australia

Richard Idro

Makerere University School of Medicine, Uganda

Nicole Mideo

University of Toronto, Canada

Katarzyna Modrzynska

University of Glasgow, UK

Silvia Portugal

Max Planck Institute for Infection Biology, Germany

Ana Rivero

CNRS, France

Phil Spence

University of Edinburgh, UK

Charles Wondji

Liverpool School of Tropical Medicine, UK

ORGANISERS

Ron Dzikowski

The Hebrew University of Jerusalem, Israel

Maria M. Mota

Instituto de Medicina Molecular, Portugal

Christopher Moxon

University of Glasgow, UK

Sarah Reece

University of Edinburgh, UK

TOPICS

- Clinical and field studies
- Systems biology, from molecules, to cells, to physiology, and pathobiology
- Evolution and ecology
- Immunology and vaccinology
- Transmission and vector – parasite interactions
- New topics and tools for malaria research and future innovation

23 – 25 May 2022

EMBL Heidelberg and Virtual

ONLINE REGISTRATION ONLY
