

Matthew Cobb (born 4 February 1957) is a British zoologist and professor of zoology at the University of Manchester. He is known for his popular science books *The Egg & Sperm Race: The Seventeenth-Century Scientists Who Unravelled the Secrets of Sex, Life and Growth*; *Life's Greatest Secret: The Race to Crack the Genetic Code*; and *The Idea of the Brain: A History*. Cobb has appeared on BBC Radio 4's *The Infinite Monkey Cage*, *The Life Scientific*, and *The Curious Cases of Rutherford & Fry*, as well as on BBC Radio 3 and the BBC World Service. Cobb has written and provided expert comments for publications including *New Scientist* and *The Guardian*, translated five books from French into English, and written two books on the history of France during World War II.
