Application Section

a. **Please present the envisaged sabbatical activity during your stay at EMBL, in collaboration with your EMBL host(s).** This should focus on a high level description of your scientific strengths and topic area(s) you seek to impart knowledge on, the EMBL groups you seek to network with and expertise/knowledge/methods that you wish to learn while on your sabbatical stay at EMBL. While particular project(s) may be mentioned in brief, this is not meant to be the central goal of your sabbatical stay - as we seek to leave room for organic and serendipitous interactions which can prove mutually inspiring (max 6000 characters).

b. Please provide a short description of your expectations of this sabbatical and why the chosen EMBL host(s) / Unit /site is a good fit with those expectations (max.2000 characters)

c. Please outline here any planned avenues for you to engage with the local scientific community during your stay at EMBL, including how your connection to EMBL would continue following a sabbatical stay. This should be presented as what is realistic and meaningful, following consultation with your EMBL host(s). (max 2000 characters).

d. Will you be traveling alone or with family? Please provide details and list any aspects of your visit which needs our consideration for planning purposes (max. 1000 characters).

e. Please provide an estimate of the reimbursable costs (quotes/price estimates for flights, accommodation, visa etc) for covering your stay at EMBL. Refer to the [fellowship web page](#) on costs eligible for reimbursement (max. 1000 characters)

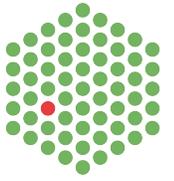

f. Will you be applying to other sources of external funding to further support yourself during your stay at EMBL? EMBL will accept external co-funding of your stay with external sources of funding, as long this is accepted by such sources, and is declared to the Scientific Visitor Programme office
